GURREY'S

**STRICT QUARANTINE
WILL BE DEMANDED**

**Vessels From Ports
South America
Inspected**

At the next meeting of the Chamber of Commerce, it was decided to demand a strict quarantine of vessels from South America. The Chamber of Commerce is now in the process of securing a quarantine of vessels from South America. The Chamber of Commerce is now in the process of securing a quarantine of vessels from South America.

What action will be taken is not known, but in view of the stand taken by the Chamber of Commerce, it is believed that a quarantine of vessels from South America will be demanded.

Yellow fever has never occurred in Honolulu, but it is a disease which is carried by mosquitoes. It is a disease which is carried by mosquitoes.

It is stated that a strict quarantine will be demanded of vessels from South America. It is stated that a strict quarantine will be demanded of vessels from South America.

Merchandise rapids of carrying the fever germs will probably be subjected to a treatment so thorough as to eliminate any chance of the disease being propagated.

HILO RAILWAY PLANS

It is reported that the Hilo railway will soon begin laying the tracks on the first seven miles of its extension through the Hamakua district. It is reported that the Hilo railway will soon begin laying the tracks on the first seven miles of its extension through the Hamakua district.

Don't forget the Carmen's Dance at K. P. hall tonight.

KANSAS CITY, Mo., April 27.—In a fast match Frank Gotch successfully defended his title as wrestling champion of the world against Dr. Benjamin P. Roller of Seattle at Convention Hall April 26. The champion won in straight falls, the first in 2 minutes, 45 seconds, with a combination catch and half Nelson hold, and the second in 8 minutes, 29 seconds, with a reverse Nelson. In the first bout Roller was generally the aggressor and Gotch several times appeared to be in trouble, but was always able to turn the tables on his opponent. Roller repeatedly demonstrated his ability to wriggle out of dangerous positions and ended Gotch's efforts to secure the tie hold.

When Gotch was sick, we gave her Castoria. When she was a child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had children, she gave them Castoria.

For Sale
Several lots at a bargain from \$75 to \$225, at Alawa on Kuanani Lane, below Judd street. Good view. Cool, healthy. Near car line. Government water. Ten per cent cash, balance in small monthly payments, without interest.

HERBERT WITHERS CONCERT
PARTY HERE JUNE 10TH

As the dates for the concert by the Herbert Withers Company draw nearer, public interest in this important event naturally becomes more evident, and it is now apparent that the enterprise of the management in bringing a company of such high standard will not be unrewarded. The company is most effectively constituted, there being two distinguished instrumentalists and two famous singers. The cello is an instrument but very infrequently heard here in a master's hands, and Mr. Withers is spoken of as one of the foremost exponents in Great Britain of its beauties. Madam Sobrinho, who, on the other hand, may be accepted as the star vocalist of the party, is known to all music followers as a favorite Concert Garden prima donna, and very strong festival favorite. Mr. Bennett is a less familiar name, but the fact that he should have been chosen, so recently as the 29th of June, 1937, by the critical committee of the Handel Festival Society for the principal role in the great production of "The Golden Legend" at the Crystal Palace (where he had the support of a chorus of 5,000 voices), testifies eloquently to his standing in Metropolitan art circles. Mme. Elzy is a Fellow of the Royal Academy and is reputed an unusually brilliant pianist, whose playing illustrates superb technique wedded to natural sound taste and musical talent. The program comprises bright selections from the best composers.

The Hawaiian singers who will go to Seattle this summer to sing in the Hawaiian building at the Alaska-Yukon-Pacific Exposition are Ernest Kaai, Miss Kaai, Charles Palikapi, David Kaniol, D. Maheua, Jos. Kaniakini, George Kanaa and James Aloy.

FORT GEORGE YET ON THE S.F. GUIDE

**Not Believed That The
Insurance Has
Been Paid**

The Fort George, now 280 days out from New York, was still carried on the San Francisco Shipping Guide of April 26. The word "overdue" under the name of the vessel told of the waning hope on the part of those interested, but the fact that the ship's name still appears is taken to mean that there yet is a possibility that the sturdy old craft may round Diamond Head some morning.

The statement made by Captain Fullerton before he sailed from Boston to the effect that he would come by way of the Good Hope did the Cape Horn passage seem too difficult, still leaves a small ground for hope on the part of those who are daily searching the lists of vessels arrived.

Despite rumors to the contrary, it is not generally believed that the insurance on the ship has been paid. The payment of the insurance, say water-frontiers, would be equivalent to an admission that the ship has gone down, and in that case the publishers of the San Francisco Guide, in close touch with the underwriters, would cut the name of the ship from the list of those en route.

The Fort George was consigned to the Sugar Factors' Company with a

load of scrap iron for the Honolulu Iron Works. She was to have carried a cargo of sugar to the Atlantic seaboard, but long ago she was struck from the list, as far as the sugar shippers are concerned.

JOHN MARCALLINA TO BE WHITNEY'S CLERK

John Marcallina, clerk of the court that was Judge Lindsay's before the resignation of the latter, will remain as clerk of the court under Judge Whitney when the present Deputy Attorney General takes his place on the bench for which he has been nominated by President Taft.

Judge Whitney stated yesterday afternoon that it would be impossible to find a more efficient clerk than Marcallina, who has made a good reputation for himself in his work, particularly as an accountant and examiner, as Master of the accounts of administrators, guardian, executors and other court appointees.

Four applicants appeared this morning in the office of Collector of Internal Revenue Walter Drake to take the examination for the position of storekeeper-gauger of the local branch of the department. They are Luther Evans, C. O. Hottel, Charles R. Rowe and Robert C. Bayless.

There is no vacancy at present, the examination being to create an eligibility list from which to fill any vacancy, permanent or temporary, that may occur.

PELE ACTIVE FOR FAIRBANKS' PARTY

**Governor and Ex-Vice
President Back
From Trip**

"A very satisfactory trip," is the way Governor Frear this morning summed up his week's vacation with the Fairbanks party on Maui and Hawaii.

The time was put in mostly in sight-seeing. The Governor himself had been over all the road covered, but everything that the former Vice President and his family saw was new to them, and they were delighted and enthusiastic.

Governor Frear gave a detailed account this morning of where they went and what they did. "We landed," he said, "at Kahului, and went over to see the Punene sugar mill. Then we rode over the plantation, partly by auto and partly by train, visiting the largest pumping plant and putting up at Hamakua at the home of Harry Baldwin."

"We took an automobile ride over the pineapple country and on as far as the Haleakala gulch, taking in the district of the Portuguese homesteads and coming back by the lower road past the Omahupia lands recently traded by the Government for pineapple land."

"Then we went up Haleakala, unfortunately the weather was foggy and we could not see much, though parts

of the crater could be seen through the mist."

Patrons of the Orpheum last night had one of the laughs of their lives when the Elford Company presented the three-act farce oddity, "Hello, Bill."

The comedy stands in a class with "Ape Yon a Mason" and "Why Smith Left Home," and deserves to be placed at the head of American farce comedies. It gave the Elforders a chance to give one of their best comedy performances, and every one of the popular cast was there with something to amuse.

Miss Luce made a hit with the new song, "She Borrowed My Only Husband," and Ray Collins with his pictured song pleased — and the Osborn Children, they sprang quite a surprise when they came out as two little Hawaiians, singing a native song and doing a Hula like one of the old professionals. "Hello, Bill" is the offering for tonight, and if you like to laugh once in a while you had better see it.

Opening on Monday next the bill is Chas. Hoyt's greatest comedy, "A Texas Steer." Hoyt knew how to depict the foibles of modern Americans, and this is a story of the workings of the Senate at Washington. The comedy is delicious, and the story a pleasing one. This is the first time that the comedy has been presented in Honolulu, and theater patrons should take advantage of the chance to witness it. Seats are now on sale at the box office.
